Grades K-1, 2-3, 4-5, 6-8

Thursday Microschool
Thursdays | 9:30 AM – 2:30 PM
Grades 5-7

Our Microschool programs offer hands-on learning for K–8 students. K–5 provides homeschool families with structure, enrichment, and guidance in core subjects and Bible. Middle school STEAM Lab engages students in science, technology, engineering, art, and math through hands-on projects. Creators combines visual arts with entrepreneurship, teaching art techniques, media exploration, and business skills to turn creative projects into real-world ventures.

Wednesdays | 9:30 AM – 2:30 PM

A one-day-a-week academic program supporting homeschool parents. | Grades K-1, 2-3, 4-5

- A multi-age K–5 academic program designed to support Christian homeschooling families.
- Provides structure, encouragement, and enrichment in a classroom setting.
- Focused support in language arts, math, and integrated unit studies.
- Covers reading, writing, science, social studies, geography, art, and Bible.
- Teachers provide weekly lesson guidance and hands-on learning experiences.
- Parents may follow suggested lessons or use their own curriculum at home.
- Parents remain responsible for core academics; teachers provide support and accountability.

Wednesdays | 9:30 AM – 2:30 PM

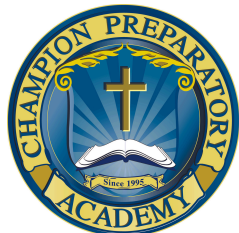

Innovation Station STEAM Lab | Grades 6–8

- Engages students in STEAM (Science, Technology, Engineering, Art, and Math).
- A space for students to create, explore, and innovate.
- Hands-on experience with 3D printing, AR/VR, robotics, coding, and engineering.
- Encourages critical thinking, problem-solving, and collaboration

Thursdays | 9:30 AM – 2:30 PM

Creators | Grades 5–7 | Combines art education and practice with entrepreneurial skills.

- A unique fusion of visual arts and entrepreneurship, where creativity meets commerce.
- Students study artists and visual art techniques, then apply creativity to real-world marketing and sales.
- Exploration of multiple art media, including upcycling, natural materials, traditional crafts, and current art trends.
- Instruction in business planning, cost estimation, logo design, branding, marketing materials, and sales techniques.
- Emphasis on reproducible art projects designed for sales within the structure of the class.

What: Our new non-traditional multi-age level Microschool for K-5 offers specialized academic support for homeschooled students and parents. This program takes us back to our roots as for many years we offered one & two days a week enrollment option. This class includes only Christian homeschool students and does not integrate with the Day School. We understand the challenges of homeschooling and provide encouragement, along with expert instruction in challenging subjects such as language arts and math, and integrated unit studies. Our teacher will provide lesson suggestions for the entire week, ensuring that students receive the support they need to excel in their studies. Parents may choose to support the lessons or do their own curriculum at home. With our dedicated approach, we strive to empower homeschooled students and parents to achieve academic success with confidence.

Teachers will provide a detailed list of units. Each Integrated Unit will take approximately four-six weeks to complete and will include targeted grammar, spelling, writing, art, reading & comprehension, geography, science, social studies, history, Bible, and more lessons. Parents may review and work on the unit at home or let the teacher complete it in class.

Who: Students who are homeschooling in grades K-8 with good behavioral control, who are motivated to learn, and who have attention control that will allow them to complete work in a group setting. Students must be working at or close to grade level.

Curriculum:

Students will complete units and lessons with the campus teacher. Lessons are meant to introduce students to interesting topics and projects to foster a love of learning.

The school provides materials for hands-on activities that we complete at school, occasional worksheets, and projects.

STEAM Lab (6-8)-Students will enjoy robotics, coding, AR/VR, and 3D printing, along with other related projects.

Parent provides:

Handwriting book (your choice)-We recommend A Reason for Handwriting (A/Kindergarten, B-1st grade, T-2nd grade, C- 3rd grade, D- 4th grade, E-5th grade)

Reading/Literature books from BJU Book links for the unit study, 2nd-5th grades. Books TBA

Math curriculum (Your choice)-teachers will provide support for lessons taught at home and will have math centers and games to reinforce math skills.

Parents are responsible for core academic learning

**Book lists and supply lists will be provided on July 1st for all grades and programs.

Tuition & Fees:

See current Tuition & Fee Schedule.

PEP Scholarship: Champion will assist you in submitting tuition fees directly through your EMA account, ensuring that the payment is made directly to Champion Academy. Registration fees are due at the time of enrollment. Upon payment, Champion will provide a paid invoice, which you can submit to your EMA account for reimbursement. Additionally, any books and materials you purchase may also be eligible for reimbursement. If you enroll for two days a week, the PEP Hybrid program is accepted, and you will be considered a part of our private school.
